

Needfinding

1. Needs a way to communicate options
2. Needs a way to reset completely
3. Needs to be able to recognize absence of user
4. Needs to be able to close easily
5. Needs a way to guide user from the start
6. Needs a way to return to intro menu
7. Needs a way to recognize returning user
8. Needs to communicate where user needs to go first
9. Needs to explain the function of the site first
10. Needs a simplified version for less intensive use
